Section 2 Summary — Week 2

- **Udemy section:** [section title, e.g. Build a Multi-Modal Chatbot: LLMs, Gradio UI, and Agents]
- **Dates:** [YYYY-MM-DD] to [YYYY-MM-DD]
- **Written by:** Cletus & Ophelia, at the end-of-week catch-up

What we built

- [the week's project and what it does, e.g. airline AI assistant]

Key concepts of the week

- [concept] — [one-line explanation in our own words]

Cletus's top takeaways

- [the 3 most important things you learned this week]

Ophelia's top takeaways

- [the 3 most important things you learned this week]

Hard parts / topics to revisit

- [what was confusing, and what we'll review again]

How we could use this

- [a real-world or work use case for this week's skills]

Plan for next week

- [pace, check-in times, anything to prepare (API keys, Colab, etc.)]
